

# Shadows of My Memory

## Edenbridge

I cry in anger  
I cry in pain  
I lose my bearings  
Can't break the chain  
Once I heard that wonders never cease  
Let me get my second wind please  
Do I have to burn my boats behind?  
Do I have to break the ice in mind?[Pre-chorus]  
Just let me see the daylight now  
And find the ways and means to carry on somehow[Chorus]  
No smoke without fire  
No love without pain  
Only the memories remain  
It tears at my heartstrings  
A past reverie  
The shadows of my memory  
I eat my heart out  
Day out, day in  
Go rack to ruin  
Cause I'm all in  
Did I burn the candles at both ends?  
Cannot tell when all got out of hand  
All I feel is trapped in daily round  
How can I get out here safe and sound[Pre-chorus]  
[Chorus]Now, I see daylight now  
In this evil hour  
I'm weathering the storm  
When my ship comes home  
For a fleeting moment in a dream  
I am changing horses in midstream  
Heaven only knows  
Where the journey...goes
