

# Philosophy

## Ben Folds Five

Won't you look up at the skyline, at the mortar block and glass  
And check out the reflections in my eyes  
You see they always used to be there even when this all was grass  
And I sang and danced about a high rise  
And you were laughing at my helmet hat  
Laughing at my torch  
Go ahead you can laugh all you want  
I got my philosophy  
(Keeps my feet on the ground)  
And I trust it like the ground  
And that's why my philosophy  
(My phil)  
It keeps me walking when I'm falling down  
(Osophy)  
I see that there is evil and I know that there is good  
And the in-betweens I never understood  
Won't you look at me I'm crazy but I get the job done  
Yeah, I'm crazy but I get the job done  
And I say, go ahead you can laugh all you want  
But I got my philosophy  
(Keeps my feet on the ground)  
And I trust it like the ground  
And that's why my philosophy  
(My phil)  
It keeps me walking when I'm falling down  
(Osophy)  
I pushed you 'cause I loved you guys  
I didn't realize you weren't having fun  
I dragged you up the stairs and I told you to fly  
You were flapping your arms, you started to cry  
You were too high, too high  
You may take this all for granted, you take the mortar block and glass  
And you forget the speech that moved the stone  
But it's really not the you can't see the forest for the trees  
You've never been out in the woods  
So you can laugh all you want  
But I got my philosophy  
(Keeps my feet on the ground)  
And I love you you're my friend

But you got no philosophy  
(My phil)  
Now it's time for this song to end  
(Osophy)
