problem with numbers

Captain Everything!

Three point one four one five nine three
Anybody wanna hear
What I've got to say?
My boredom is so severe
Just like it was yesterday
And it will be the day after
Because you can only stare at these four walls so long
Before you realize they are fixed and all the games you fool yourself
But your mind knows they're playing tricks
But I think I'm the only one
I know it's not a happy place to be
When all your friends are in another country
But I think I'm the only one
I think I'm the only one
Whoa-ohHave you ever felt this low?
The things you love have upped and
Go-o-one
A simple obligation
In a world you don't belong toI know it's not a cool thing to do
Write a sad song with a happy tune
But I think I'm the only one
I know it's not a happy place to be
When all your friends are in another country
But I think I'm the only one
I think I'm the only one
Whoa-ohHave you ever felt this low?
The things you love have upped and
Go-o-one
A simple obligation
In a world you don't belong to
(Don't belong to-ooh, yeah)I know it's not a cool thing to do
Write a sad song with a happy tune
But I think I'm the only one
I know it's not a happy place to be
When all your friends are in another country
But I think I'm the only one
I think I'm the only one
Whoa-ohHave you ever felt this low?
The things you love have upped and

Go-o-one
A simple obligation
In a world you don't belong to
(Don't belong to-ooh, yeah)
