

# Steamy Windows

[Erja Lyytinen](#)

I was thinking about parking the other night  
We was out on a back road  
Me and my woman was just gettin' right  
All systems on overloadThe radio blasting in the front seat  
Turning out the music fine  
We was snuggled up in the back seat  
Making up for lost timeSteamy windows zero visibility  
Steamy windows coming from the body heatYou can wine and dine with a woman all night  
With good intent  
But there's something about a confrontation on a back road  
Breaks down the defenseSteamy windows ain't nobody can see  
Steamy windows coming from the body heatThere's a sound outside the front door  
And I know it's just the wind  
But it makes her snuggle up just a little bit closer  
And it starts things happening againSteamy windows zero visibility  
Steamy windows coming from the body heatSteamy windows zero visibility  
Steamy windows coming from the body heatSteamy windows  
Steamy windows
