Mind Machine

ATC

Soaring through the clouds togetherWe can travel on forever
Through the sky you and I
Back to earth again
And we're in a mind machineI see the things I want to see
I can be all the things I want to be
Is it real or just a dreamCome fly with me, come ride with me
We're in a mind machine
Together we can touch the sky
You and I, we're in a mind machineCome on and fly with me, come ride with me
We're in a mind machine
Take my hand you'll understand
The wonders I have seen in my mind machineOnward through the atmosphere
Everything is crystal clear
Finally we can see, the world as it should be
And we're in a mind machineI see the things I want to see
I can be all the things I want to be
Is it real or just a dreamCome on and fly with me
Come touch the skyCome fly with me, come ride with me
We're in my mind machine
Take my hand you'll understand
The wonders I have seen in my mind machineThe wonders I have seen
In my mind machine
Come fly with me
