

# Change (Remix) ft. UGO Crew

Sean Kingston

Change, change, change  
Change, change, change[Chorus]  
Oh I wish I had the power, the power to change the world  
But I'm just one man trying to do it on my own  
Oh I wish I had the power, the power to change the world  
But I'm just one man trying to do it on my own  
Can someone help me? (change the world)  
Can somebody help me? (change the world)Everyday I saw you there chilling on the corner  
Puffing on crack and Marijuana  
Because I know how your life is  
Nobody just be guiding, noHope to see black people living longer  
Also less kids without fathers  
We should all come together  
Please stop fighting and killing each otherIt's what happens when your living in the street life  
It's so dark and you don't get sunlight  
People seeing why you don't get treated right  
But I'm a try to change it[Chorus]Many people living off welfare  
Hoping things get better next year  
But I'm covered in tears  
So many sick without health careToo many innocent people dying  
And I don't know why  
You gotta keep your eyes open even when your rolling  
As days go byIt's what happens when your living in the street life  
It's so dark and you don't get sunlight  
People seeing why you don't get treated right  
But I'm a try to change it[Chorus]Somebody change the world  
We've got little boys and little girls  
Growing up on this sinful earth  
Oh whats happening?I don't know, but please tell me  
We've got all these criminals and discretres  
Killing people for no reason  
I don't know why[Chorus]
