

# I Need DOLLAS

T.I.

[Aloe Blacc Sample]If I share with you my story would you share your dollar with me (Hey hey)

Well I need a dollar, dollar, dollar that's what I need (Hey hey)

Said I need a dollar, dollar, dollar that's what I need (Hey hey)

And I need a dollar, dollar, dollar that's what I need

And if I share with you my story would you share your dollar with me

[T.I - Verse 1]You know what it is

Bitch still none other than the King

Need green just to occupy my rubberbands

Hundred grand at a time, keep it coming

When I started I was trapping

Woke up ballin like ?what happened??

It's gonna be hell to the captain

Let's just smoke up in this city

Let me get a 100 milli and focus on a billi

What's the muthafuckin dilly nigga? You already know

Profits at a steady flow, cheddar, paper, you already know

Stay a step ahead of whoever when niggas say he go

We never should've let him go to movies, television shows

And who we foolin? He ain't stupid

His bankroll just meet his ego

No less than seven zeroes, stimulate bitches libido

So crazy just like Danger Mouse and Cee-lo

From a kilo to a yacht in Cabo

Chillin like December in Toledo

He's so hungry for the money like he's still selling dimes

Got a mill on his mind, dollar bill at a time

[Hook][T.I - Verse 1]Ain't no vacation, working like a Jamaican

Mixed with a Hatan

Several different occupations, no exaggeration

18-20 hour days while you sleeping I'm making money

Patient I ain't tracin' money, ?less the conversation money

What you saying dunny? Why you talking to me huh?

Hundred bound vs a quarter mill a show, a mill a movie

PRPS, Gucci, Louis, got my head as big as stewy

20 mills the answer if you ask mw how our crew are doing

Now I keep it moving, no exception, no conclusion

If we racing to the top, no competition, I'm a shoe-in

And you in my way, don't ruin my faith

Fore I pay a 100K for them to boo you off stage  
I'm way up front, stop playing, don't prank  
Used to want dough like Jay-Z but now I'm thinking Donald Trump  
Bob Johnson, Warren Buffett, fuck it, aint that tough  
Hundred mils stacked up, dollar bills add up  
[Hook]
