

# Devil's Paradise (Live At Wacken 2013)

## Ugly Kid Joe

Hell on earth  
For the devil's paradise  
Angels on my lap  
And the beer is cold as ice  
Dirty little deeds  
Of the ultimate sin  
I've got the money  
Let the good times begin We all know why we're here  
The smell of cheap perfume  
Sixty for the girl  
Twelve bucks for the room  
Every kind of pill  
Drinking and cocaine  
Lots of dirty woman  
Goddamn the shits insane  
Taking the pill  
Slowing the race  
Straight down to heaven we go now  
Shooting to thrill  
The smile on the face  
It's all just south of the border now Walking through the gates  
I don't think twice  
Welcome back my friend  
To the devil's paradise Taking the pill  
Slowing the race  
Straight down to heaven we go now  
Shooting to thrill  
The smile on the face  
It's all just south of the border now  
Welcome back my friend  
To the devil's paradise  
It's never gonna end  
In the devil's paradise
