

Breathe

Angie Martinez

Yo, yo, yo, uhh, uhh, yo, yo, whoo whoo whoo whoo, yo, uhh, hey
Sometimes you gotta, catch yo' breath and
All the time you gotta watch yo' step and
Catch me all on yo' neck, stressin' 'bout What you doin' next?
And I ain't got much lefttolerance wit' a hoopla
La hodienda no se para nunca, yeah
They give it to you but I
Keep it movin' while I'm runnin' wit' the rap race
But I need a little damn space, to breathe
I gotta just do mewhy I always gotta be sexy huh?
Would you mind when you spill it like me?
In a pair of Air Max sweat pants hoodie huh?
Would ya, get off my back, c'mon, let a nigga relax
Cause I'm, all woman now, hear me roar
Right now I'm 'bout to hit the door
So I can parle', it's my day, 'bout to pick up my girls at the highway
Gotta get away, gotta do it now, gotta walk into the sun, ah ah ah
Gotta be free, gotta do me
Gotta get away, get away
Gotta gimme some time to breathe
Gotta walk into the sun, ah ah ah
C'mon ladies come ride wit' me
Gotta get away, get away
Gotta relax your body
Gotta walk into the sun, ah ah ah
I just really need some time to ease my mind and let my spirit gooo
Gonna fly, c'mon
How many women cook and clean, wash the clothes
Work a job, come home, mop the floors, wash the sofas
Nah, no time for that, besides, ya only rest when it's time to wack
Plus thats that time you can be the gent
Gettin' ya legs tight, gettin' ya head right
Doin' it every night in summer time almost
You wanna ass lookin' firm when they come up close
One of single mother types wit' a couple of kids?
Nuttin' come before them, don't give a fuck who it is
You a proud ass woman, never cry for help
Been doin' it for years all by yourself
For cryin' out loud, can ya get your props?

Wanna pull your hair out cause the shit don't stop and
Ya nigga wanna stress, gettin' no rest
Takin' no breaths, it's PMS
Wanna know when do I get my day
Wanna pick up my girls at the highway
Gotta get away, gotta do it now, gotta walk into the sun, ah ah ah
Gotta be free, gotta do me
Gotta get away, get away
Gotta gimme some time to breathe
Gotta walk into the sun, ah ah ah
C'mon ladies come ride wit' me
Gotta get away, get away
Gotta relax your body
Gotta walk into the sun, ah ah ah
I just really need some time to ease my mind and let my spirit gooo
Yo necesito un poco de paz, en mi vida
Necesito un poco de paz, en mi vida
Some times a girl just wants to be free
From what you think of me baby please
Get up off my back and give a girl some space
Because we're livin' in a big bad place
I just really need some time to have a little piece of mind and
Breathe, breeeaathe
