

# Stone In Love

[Tim Buckley](#)

Just like the sun chase the moon around  
Just like the fox, he chase the rabbit down  
Well, I've been wantin' you woman  
But it ain't no habit No don't you come too near me  
'Cause I'm a liable to grab it  
'Cause I'm a stone in love  
I can almost taste it, I can almost taste it Lord, I'm a and I was born not to waste it  
Born not to waste it Lord  
Oh, now baby, I got midnight fever  
You're young enough to catch me And you're old enough to tease me  
When we start shakin', down to the bone  
I get so crazy, I can't leave you alone  
Oh, now woman a we're gonna roll you
