What Love Can Do

Mindy Smith

You level the building swinging
Swinging like a wrecking ball
There's nothing left at all
I'm taking it back now
Retreating
It's time i let you know
This time i let you go
chorus:
And its so deceiving
what being in love can do
A fool believing
Love can see this through
Cleaning the mess up
I'll shovel
I shovel while you watch
I don't know what you want
chorus x2
