

# What Love Can Do

**Mindy Smith**

You level the building swinging  
Swinging like a wrecking ball  
There's nothing left at all  
I'm taking it back now  
Retreating  
It's time i let you know  
This time i let you go  
chorus:  
And its so deceiving  
what being in love can do  
A fool believing  
Love can see this through  
Cleaning the mess up  
I'll shovel  
I shovel while you watch  
I don't know what you want  
chorus x2
