## The Greatest View

## **Silverchair**

You're the analyst the fungus in my milk When you want no one and you've got someone Through the wind you crawl and laugh at burning dunes When no one else will ever seeNow that you know why you feel like you do Their turning their head whilst they wait for no one And finally I know why you feel like letting goI'm watching you watch over me And I've got the greatest view from here I'm watching you watch over me And I've got the greatest view from hereMistakes don't mean a thing if you don't regret them So, pack your tactic toes for the winter Chain a waterfall to burned and withered skin No one else will ever seeI'm watching you watch over me And I've got the greatest view from here I'm watching you watch over me And I've got the greatest view from hereNow that you know why you feel like you do They're turning their head whilst they wait for no one And finally I know why I feel like you're letting goI'm watching you watch over me And I've got the greatest view from here I'm watching you watch over me And I've got the greatest view from here The greatest view from here, the greatest view
