

Venus (Feat. Paul Oakland)

[Azealia Banks](#)

Une chance, une danse, un rendez-vous en France
Lamour, la tour, on s'aimerais pour toujours
Une chance, une danse, un rendez-vous en France
Lamour, la tour, on s'aimerais pour toujours I know me and you, hey Mister Mister New York
You know I've no problem, giving you what you want, want
But what does
mean to you?
Dont play me no no no no
Dont you do me wrong wrong wrong, you know I'll be long gone Its melonies hypnotic in bed,
Heighten my dress, the pleasures ahead
Just an embrace he whispers...
Angels 6...my heaven is hell
I'm all yours, never alone
We belong to the end just... we wanna for this
I'm all yours never alone,
We belong to the end just... we wanna for this I can, hey let me give you my love
And if you like it, lay next to me in the morning, noon and night yeah, I'll lullaby you, I wanna make you mine
man
Alright yeah. I know me and you, hey Mister Mister New York
You know I've no problem, giving you what you want, want
But what does it mean to you?
Dont you play me no no no no
Dont you do me wrong wrong, you know I'll be long gone Une chance, une danse, un rendez-vous en France
Lamour, la tour, on s'aimerais pour toujours
Une chance, une danse, un rendez-vous en France
Lamour, la tour, on s'aimerais pour toujours I can, hey let me give you my love
And if you like it, lay next to me in the morning,
In the night yeah, I long about you, I wanna make you mine and
Alright yeah. (2 x)
I can, hey let me give you my love
And if you like it, lay next to me in the morning,
In the night yeah, I long about you, I wanna make you mine and
Alright yeah.
