

Only in America

Riff Raff

[Intro]

I, I have a dream

I, I have a dream

I, I have a dream

I..[Hook]

Only Americans eat duck sauce

Only Americans eat duck sauce

Only in America

Only in America

Only Americans eat duck sauce

Only Americans eat duck sauce

Only in America

Only in America[Verse 1]

One thing about me is I don't do shit for free

Regardless what you seen, still gallons of codeine

Regardless what you say I'm still thunder storm gray

Regardless what they said I'm still cranberry red

Only in America life is slower than molasses

They thought they needed glasses when I copped that codeine castle

It's the white Don King, J pinky ring

When I was 17, copped the Chrysler Sebring

Never had a older brother, always had to guard me

Versace sheets when I sleep next to AR-15[Hook]

Only Americans eat duck sauce

Only Americans eat duck sauce

Only in America

Only in America

Only Americans eat duck sauce

Only Americans eat duck sauce

Only in America

Only in America[Verse 2]

When the world is not safe, everybody wants a raid

Wanna take my place or does she want what's in my safe

Take me out to eat, buy Versace for my feet

Drive me home in a Lambo then fuck me for free

If I have kids they going straight home schooled

Codeine water fountain sipping lean by the pool

Children growing up to be professional Snapchatters

Even substitute teachers, these days is battle rappers[Hook]

Only Americans eat duck sauce
Only Americans eat duck sauce
 Only in America
 Only in America
Only Americans eat duck sauce
Only Americans eat duck sauce
 Only in America
Only in America[Outro]
 I, I have a dream
 I, I have a dream
 I, I have a dream
 I, I sip codeine
 I, I have a dream
 I, I sip codeine
 I, I sip codeine
Yeah, only in America
