

Bottom of the Deep Blue Sea

Missio

The berth surrounding my body, crushing every bit of bone
The salt, it seeps in through the pores of my open skin
I wait on you inside the bottom of the deep blue sea
I wait on you inside the bottom of the deep blue Welcome to my cage, little lover
Attempt to rearrange with you, baby
Still don't know your name, miss honey
Let's go up in flames, pretty lady The sweet surrender of silence forces me to live alone
Locked and loaded, where the hell is peace of mind?
I wait on you inside the bottom of the deep blue sea
I wait on you inside the bottom of the deep blue
Welcome to my cage, little lover
Attempt to rearrange with you, baby
Still don't know your name, miss honey
Let's go up in flames, pretty lady Welcome to my cage, little lover
Attempt to rearrange with you, baby
Still don't know your name, miss honey
Let's go up in flames, pretty lady The bottom of the deep blue sea
The bottom of the deep blue sea Welcome to my cage, little lover
Attempt to rearrange with you, baby
Still don't know your name, miss honey
Let's go up in flames, pretty lady
Welcome to my cage, little lover
Attempt to rearrange with you, baby
Still don't know your name, miss honey
Let's go up in flames, pretty lady
