

# The Clock

## The Krewmen

Time is running out for us  
But you just move the hands upon the clock  
You throw coins in a wishing well, wake up  
You just move your hands upon the clock  
It comes to you begging you to stop, wake up  
But you just move your hands upon the clock  
Throw coins in a wishing well for us  
You make believe that you are still in charge
