

Close Your Eyes

Liberty X

Check it out
Ever wanted to take a ride
See it from the other side
Leave reality behind
For a place called satisfied
Ever wanted to take a chance
(Take a chance)
Be a slave to circumstance
(And romance)
Let me tie up both your hands
I'll lead you there
'Cause you know that I want it
(Want it)
And you know that I need it
(Oh)
And you know that I'm feeling
Just you and me, yeah
Closer your eyes
Just for a minute, baby fantasize
If you are with it, there's a paradise
Where I can give you what you need
Tell me what are you waiting for
Put the do not disturb outside the door
Before the evenings gone
Gonna turn it on, yeah
Gonna let you count to ten
(Count to ten)
To get your breath back again
And then when you do
I'll give it to you, yeah
'Cause you know that I want it
(I know you want it)
And you know that I need it
(Oh)
And you know that I'm feeling it
Just you and me, yeah
Closer your eyes
(Oh)
Just for a minute, baby fantasize

(Baby, fantasize)
If you are with it, there's a paradise
Where I can give you what you need
(I'll give you all the love you need, my baby)
Closer your eyes
(Closer your eyes)
Just for a minute, baby fantasize
(Fantasize, yeah, yeah)
If you are with it, there's a paradise
Where I can give you what you need
(Ah, ah, ah)
I'll give you all the love you need in this world
(Ah, ah, ah)
I'll take away all the pain, all the hurt
(Ah, ah, ah)
Baby oh, oh
(Ah, ah, ah)
Closer your eyes
(Oh)
Just for a minute, baby fantasize
(Fantasize)
If you are with it, there's a paradise
(Paradise, yeah)
Where I can give you what you need
(I can give it to you, oh)
Closer your eyes
(Closer your eyes)
Just for a minute, baby fantasize
(Fantasize)
If you are with it, there's a paradise
(Paradise)
Where I can give you what you need
(I'll give you all the love you need, my baby)
Closer your eyes
(Oh)
Just for a minute, baby fantasize
(Oh)
If you are with it, there's a paradise
(Ooh)
Where I can give you what you need
