Neverending Story

Catch 22

Never ending story but the lesson went untold
She knew it all along If she just could
Take control of the situation, investigation
Try to tell the story, even though she couldn't take itWas it suicide? Why did she have to pull the trigger?
Was it burning her inside? Or did she have an itchy finger?
Can't shake that picture, it's not the way I want to miss her
I can't believe that all the memories just fade awayNext thing you know, I'm in a cult, trying to get the hell out of Mephisto
Ain't no motherfucking joke, I could choke, I can choke
Instead I clear the smoke, take a step back
Try to clear my head and find myself againKeep goin' on and on and on
Keep goin' strong I'm sitting down for so long
Power up the curtain up again
Don't need your help because you're not my fucking friendBlind man stood by the road and he cried
Blind man stood by the road and he cried
Blind man stood by the road and he cried
[Incomprehensible], what?He was lost without her, he couldn't move on
He tried to find salvation with a needle in his arm
He can't feel it, he's fucking numb, he asked for my help
Because you're the only oneI told him, "You're the only one who can save yourself
You've got to grip real tight, the battle's half won
If you make it through the night," never ending story
Never seems to bore me, go to sleep at night
Just to dream it all awayNext thing you know, I'm in a cult, trying to get the hell out of Mephisto
Ain't no motherfucking joke, I could choke, I can choke
Instead I clear the smoke, take a step back
Try to clear my head and find myself againKeep goin' on and on and on
Keep goin' strong I'm sitting down for so long
Power up the curtain up again
Don't need your help because you're not my fucking friendBlind man stood by the road and he cried
Blind man stood by the road and he cried
Blind man stood by the road and he cried
