[Trick Daddy Hook:]Trick Daddy Dollars y'all

And rollie platinum flooded nigga

And if ya money ain't long nigga I on't see ya  
Cause I'm the baddest bitch

Ballin' with the baddest clique  
I make ya money disappear like a magic trick  
A classy chick but I can still get it, spit it, watch it  
I keep the club jumping jumping like my girl Beyonce  
Selen suits looking cute with the matching boots  
I'm getting loochie ass juicy getting a passion fruit  
You know my click, Deuce Poppie and my nigga Trick  
The Lost Tribe, Tre-6 and we rolling thick  
The diamond princess out the south can't nann ho fade it  
I'ma first round draft pick

[Verse 3: Deuce Poppito]I throw a bullet atcha like a Danny Marino floater  
I'ma half a brick slanging, nutts swinging, weed roller  
Bustin a blue 4-4 with the speed loader  
How they go toe to toe with the 44 touter  
Fo' show do  
Room is full of pimps and thugs

Ghetto pharmacies with prescription drugs  
Banging like Krypts and Bloods  
We wiping slugs  
Our enemies dripping blood  
Workers at the graveyard late nite diggin mud  
To prepare ya for ya pillow inside the box  
When I ride the blocks I always hide my glocks  
In the dash board next to my passport  
In the double S I paid thirteen cash for  
My name is Richard Nixon but they screaming Deuce Pop  
With the one stop shop  
Heroin, weed, and rocks  
I feed the block  
And ride the strip in a tinted drop  
And I even met the niggas who invented rocks  
I got the block game from the county of Dade  
A bounty hunter won't rest till my bounty is paid  
We got 200 hundred bricks coming from the direct link  
I pray to God the boat carryin that coke don't sink, what  
[Deuce Hook:]It's Deuce Poppie nigga  
I'm from the home of the chrome and the chopper triggers  
Whassup, holla nigga
