Race of doom
Race of doom Is it on? Is it off? Reply
Is it on? Is it off? Reply
Is it on? Is it off? Reply
Is it on? Is it off? Reply It's a matter of time, it's a matter of luck
It's a factor of chance till I self-destruct
You fire at random, I'm under attack
Strapped in a freewheeling, flying off the track I want to be your time bomb
(Is it on? Is it off? Reply)
Let me be your time bomb, baby
(Is it on? Is it off? Reply) I want to be your time bomb
(Is it on? Is it off? Reply)
Please let me be your time bomb, baby
(Is it on? Is it off? Reply) Everywhere there is danger, absolutely for real
Subliminal feelings, too strong to conceal
Unscramble your program, my turn to unload
Unbelievably certain, guaranteed to explode Race of doom
Race of doom I want to be your time bomb
(Is it on? Is it off? Reply)
Let me be your time bomb, baby
(Is it on? Is it off? Reply) I want to be your time bomb
(Is it on? Is it off? Reply)
Please let me be your time bomb, baby
(Is it on? Is it off? Reply) Everywhere there is danger, absolutely for real
Subliminal feelings, too strong to conceal
Unscramble your program, my turn to unload
Unbelievably certain, guaranteed to explode Race of doom
Race of doom
