

You'll Get There

Inme

Since you wanted me, since you wanted me

I woke up late this morning

She said, she'd wake me up

I woke up to discover

This wasn't in my home

Don't believe your heroes

They'll take you for a ride

Don't believe the dangers

Before you kiss the sky

You don't believe me

I'm a liar

You'll get to me in the end

I feel your heaven

Never felt it before

I'll breathe in the ocean

And I want you to know

I'll feel your heaven

Never felt it before

I'll breathe in the ocean

And I want you to know

Woke up late this afternoon, feeling so alive

(Since you wanted me)

Sensations you gave me, they have finally arrived

Don't believe these angels, they'll take you for a ride

Don't believe the dangers before you kiss the sky

You don't believe me

I'm a liar

You'll get to me in the end

I feel your heaven

Never felt it before

I breathe in the ocean

And I want you to know

I feel your heaven

Never felt it before

I breathe in the ocean

And I want you to know

Every time I look at you

I see myself inside your eyes

And I despise my own reflection

Looking back at me
And I remember when I promised
That I'd never walk away from you
Right now I have to live with what
I've done to you and what I have become
I am a liar and the fire is not burning
But when I lie awake at night
It's you who is my final thought
I live for you, I pray for you, I dream for you
I'll give up everything to bring you back
And let you know that I will never flee from you
I feel your heaven
Never felt it before
I breathe in the ocean
And I want you to know
I feel your heaven
Never felt it before
I breathe in the ocean
And I want you to know
I feel your heaven
Never felt it before
I breathe in the ocean
And I want you to know
I feel your heaven
Never felt it before
I breathe in the ocean
And I want you to know
