

Meaning of Life

Disturbed

Get psycho, I wanna get psycho
Get psycho, I wanna wanna wanna wanna, I wanna get psychoRun you little bitch
I want your power glowing, juicy flowing, red hot, meaning of life
It's not enough to have a little taste
I want the whole damn thing now
Can you dig it?Need to get psycho
Wanna hear you say it
Say, you want it, need it
Don't wanna wait until we finish the show
It's not enough, you hunger for more
You're one twisted little fuck
And now you wanna get psycho with meGive in, give in, decide
Give in, give in, give in, decide
(Give in) give in, give in, decide
Give in, give in, give in, decide
Give inGet psycho, I wanna get psycho
Get psycho, I wanna wanna wanna wanna, I wanna get psychoScratch my itch
Give me your power glowing, juicy flowing red hot, meaning of life
It's not enough to have a little piece
I want the whole damn thing now
Can you dig it?Need to get psycho
Wanna hear you scream
Tell me to take you, scare you, fuck you
After we finish the show
It's not enough, you listening whore?
You're one twisted little fuck
And now you wanna get psycho with meGive in, give in, decide
Give in, give in, give in, decide
(Give in) give in, give in, decide
Give in, give in, give in, decide
Give inI can feel the blood, flowing through my veins
Spilling on my soul
And now the hunger's getting bigger
Come a little closer now pretentious whore and pull my trigger
Free the violence that is building in me
I say now end of the ride, murder suicide
Is how I've been feelin' lately
Come a little closer my pretentious whore I'm living with a feeling that I can't ignore
Come a little closer my pretentious whore I'm living with a feeling that I can't ignore

Come a little closer my pretentious whore I'm living with a feeling that i can't ignore
And the need to get psycho is not a question to me
Get, get, get, get, I wanna get psycho
Get, get, get, get, get psycho
Get, get, get, get, I wanna, wanna, wanna
Get psycho
Get, get, get, get, I wanna get psycho
Get, get, get, get, get psycho
Get, get, get, get, I wanna get psycho
I wanna, wanna, wanna, wanna
