

I'm Alive (Radio Club Mix)

Kamaliya

I'm Alive I don't know where I'm to begin
You're closer than the skin I'm in
I know I've never felt a love like that
Your every wish i can't resist
My body just Keeps giving in
When you Run your fingers up and down my back Pre-Hands on my heart
I've never gone this far
Before now my head is
Spinning out of my control
I can't control this feeling, feeling
Cuz feelings believing, believing
Im coming alive I'm coming alive
feels just like I'm flying flying
And there's no denying, denying
I'm coming alive I'm coming alive
When you reach for me
Then your touch it tells me everything i wanna hear
And i no longer have to be afraid
I see it clear, just love and light
And knowing you'll always be near
All I gotta is call your name Pre-Hands on my heart
I've found the missing part
In life and I know that right here is where I belong
