Secret Lover

The Isley Brothers

La da da da da la da da, oh yeah, yeah
La da da da da la da da, oh, yeah yeah, oh
I've been waiting for you, girl
So much on my mind I wanna do, I wanna do
Like lay you down and like mess around
Like all night long, girl, let's get it on
My secret lover, my mystery girl
I wanna play hide and seek
Baby, let's creep between the sheets tonight
My secret lover, my mystery girl
I wanna play hide and seek
Baby, let's creep between the sheets tonight
My door is open wide, let me come inside
Shadows fill the room from the candlelights
See our bodies moving to the groove, yeah
So girl, let's get it on, ain't no time to lose
You got me on cloud nine
And I don't wanna come down
Your lovin' soothes my soul
And I love it when you come around
My secret lover, my mystery girl
I wanna play hide and seek
Baby, let's creep between the sheets tonight
My secret lover, my mystery girl
I wanna play hide and seek

Baby, let's creep between the sheets tonight
See our bodies
My mystery girl
See our bodies
You're my secret lover
This meal is on my plate
I can't wait to taste, taste you girl
Good lovin' goin' down all around this place
Like upstairs and like down there
Like everywhere, woman, I don't care
My secret lover, my mystery girl
I wanna play hide and seek
Baby, let's creep between the sheets tonight

My secret lover, my mystery girl
I wanna play hide and seek
Baby, let's creep between the sheets tonight
If the wind blows, no one knows 'bout the hiding place on my porch
Your body's cold, let me step to you and rub you down nice and slow
Nothing but the water and opportunity for you and me
So, baby girl, just ride my wave until the next day
My secret lover
My secret lover
My secret lover
My secret lover
