

# Vaseline Bizniz

## Freak Kitchen

God, I have to know  
Is it really true?  
I refuse to believe in  
The stuff they write about you You always look real depressive  
But that's what makes you cute  
Say it ain't so, say it ain't so  
Have you become a fruit? Vaseline bizniz, improves your record sales  
Vaseline bizniz, you know it never fails  
Vaseline bizniz, will make you interesting  
When you're too pissed to dance and too high to sing My teenage dream is fucked  
Although you don't know  
While I plan for our marriage  
You find some handsome guy to blow Then you speak about it frankly  
In an in-depth interview  
And I slip into denial  
'Cos I know it isn't true Vaseline bizniz, improves your record sales  
Vaseline bizniz, you it never fails  
Vaseline bizniz, will make you interesting  
When you're too pissed to dance and you're too stoned to sing Yeah, I had a bad time  
My heart was torn in two  
Burned all my posters  
Thought I'd never make it through But I worship another boy-group now  
Everybody else sucks!  
I even got their autographs  
Take that, you backstreet cocks!
