Rot

Twisted Method

I got this locked inside my wicked head
You fuck with me you just might end up dead
There's something beautiful and crazy inside yourself
But you still run and hide
What's inside of my mind
Fuckin with me so I can't hide
There's something beautiful and crazy inside yourself
But you still run and hideNow I know there's no where to go
But you feel that nothing is so beautiful
Until you put me six feet deepYou gotta let them know that we don't take shit.
Show these motherfuckers who the fuck they're dealing with.
You think it's beautiful you're trying to ruin yourself.
I will not run and hide.
Try and try to take what's mine.
Come and get it I'll be ready this time.
You think it's beautiful you're trying to ruin yourself.
I will not run and hide.ChorusWhat you feel
It's inside of me
Now you know
What's inside of me
But you feel
What's inside of me
I kill my enemies I put em six feet deep
What you feel
It's inside of me
Now you know
What's inside of me
But you feel
What's inside of me
I kill my enemies I put em six feet deepChorus
