Timebomb

Turbonegro

I see my bosses face
I see a swastika
Another loser in the human race
I see a swastika
I see the cars go by
I see a swastika
Pretty girls pass me by
I see a swastikaI'm a timebomb and I'm out of control
I'm a live one and I'm gonna explode
They are closing in and I'm out of control
Timebomb and I'm gonna explodeI read the billboard signs
I touch the flames of Hell
Their hidden message I unwind
I touch the flames of Hell
The dark void behind the golden mask
I touch the flames of Hell
I blew my cover now I've got to move fast
I touch the flames of HellI'm a timebomb and I'm out of control
I'm a live one and I'm gonna explode
They are closing in and I'm out of control
Timebomb and I'm gonna explodeI'm outta control1 - 2 - 1-2-3-4Timebomb
