

# Let My Nutz Go

## Lil Jon & The East Side Boyz

You couldn't be a better playa than me  
Even if you fucked every day of the week  
I know you think you got it like  
I be fuckin' hoes every day of the week You never could be a better playa than me  
Even if you rolled in luxury  
I know you sport coatin' that top notch freak  
You never could be a better playa than me When I first got to the club, it was cool to fuck  
Walked passed these hoes and they looked me up  
And back down again recognize a pimp  
Next thing I know, I'm tellin' lies again Sellin' dreams to hoes from everything I know  
Grab the microphone then I spit these flows  
I came in this muthafucka with my niggaz  
I plan on leavin' here with yo bitches  
Anybody feel they got a problem with that  
You need to take off yo pimp hat nigga  
And get the fuck out my way  
'Cause I don't fuck with scrubs on any day I can't buy her no drink, she can't ride with me  
I don't know her and she can't stand beside me  
But yo bitch, I might fuck her  
Just because I know you's a sucker Let my nuts go, bitch
