

# State of the Art - A.E.I.O.U.

Jim James

Daylight come  
Daylight go  
How far will it reach  
Ain't nobody know  
When the dawn breaks  
The cradle will fall  
And down come baby  
Cradle and all  
Now I know you need the dark  
Just as much as the sun  
But you signin' on forever  
When you ink it in blood A.E.I.O.U.  
E.I.O.U.  
A.E.I.O.U.I, I used the state of the art  
Technology  
Supposed to make for better living  
Are we better human beings?  
We've got our wires all crossed  
Our tubes are all tied  
And I'm straining to remember  
Just what it means to be alive  
A life worth living  
Now you can feel it in your chest  
Buildin' like little birds  
Just building up the nest  
And you build it up strong  
And you fill it up with love  
And you pray for good rain  
All from the lord above A.E.I.O.U.  
E.I.O.U.  
A.E.I.
