Birthday

Timbaland

O, ah, ah, ohh
Happy birthday, baby
Baby, baby, baby
Girl, when you're with me, you know we ball
For sure and baby every time I have a ball
With you, so I made reservations for this special day
Baby, baby, bring your baby oil and your lingerie, c'mon
We got a five star room, the luxury suite
With marble floors and don't thank me
'Cause I did, I did this for your birthday
All for you, all for you
With a king size bed, the Cognac bar
The sweet TV with the VCR
And I did it, I did this for your birthday
Yeah, ah,ah, ah, yeah, yeah, yeah, woah, whoa, ahh, yeah
I felt like I could break a couple of rooms for you
That's how I brought myself to buy this expensive room
Let's do it in the jacuzzi, on the balcony, baby, woah, ahh
Girl, let's enjoy this special night 'cause the bill's on me
We got a five star room, the luxury suite
With marble floors and don't thank me
'Cause I did, I did this for your birthday
Whoo, do not, do not, do not, did not do it, baby
With a king size bed, the Cognac bar
The sweet TV with the VCR
And I did it, I did this for your birthday
I'm what you want, I'm what you need
Let's get on the floor, let's get on the floor
Let's get in the chair, in the chair
On the sink, on the sink
In the bed, in the bed
Back on the rug, back on the rug
In the tub, in the tub
I perform, I perform
Anywhere, anywhere
Let's get on the floor, let's get on the floor
Let's get in the chair, in the chair
On the sink, on the sink
In the bed, in the bed

Back on the rug, back on the rug
Or in the tub, or in the tub
I'll perform, I'll perform
Anywhere, anywhere
You have a five star room, the luxury suite
With marble floors and don't thank me
'Cause I did, I did this for your birthday
You seem like you've been workin' so hard
With a king size bed, the Cognac bar
And you need just a special day
The sweet TV with the VCR
Yeah, ha, ha, yeah, ohh, yeah
And I did it, I did this for your birthday, happy birthday, birthday, baby
We got a five star room, the luxury suite
Wait a minute, with marble floors, and don't thank me
Wait, wait, wait, 'cause I did, I did this for your birthday, yeah
With a king size bed, the Cognac bar
C'mon in, c'mon in
The sweet TV with the VCR
And I did it, I did this for your birthday, yeah, yeah, yeah, ahh
