Holding Someone's Hair Back

Circa Survive

Advisory - the following lyrics contain explicit language:

Dont say a word
Dont be grateful if I ever made you laugh
Let`s make believe whats at stake
Here`s more than just your reputationShe`s got the photos but no recollection
He`s got the motive but no transportationPurely courteous across my chest
Are you cutting me out?
Now after crawling inside?[Chorus]
Turn away your head
What do I deserve, what do I deserve instead?
It`s a surprise you havent caught on yet
It`s nothing personal you`re an embarassment
Don`t cut me outWe're offering nothing but the best accomidations
Just tell us who you are
Just tell us who you are.We're offering nothing but the best accomidations
Just tell us who you are
Just tell us who you are.Turn away your head
What do I deserve, what do I deserve instead?
It`s a surprise you havent caught on yet
It`s nothing personal you`re an embarassment
Don`t cut me outIt`s a surprise you havent caught on yet
It`s nothing personal you`re an embarassment
Don`t cut me out
