

# Holding Someone's Hair Back

## Circa Survive

Advisory - the following lyrics contain explicit language:

Dont say a word  
Dont be grateful if I ever made you laugh  
Let`s make believe whats at stake  
Here`s more than just your reputationShe`s got the photos but no recollection  
He`s got the motive but no transportationPurely courteous across my chest  
Are you cutting me out?  
Now after crawling inside?[Chorus]  
Turn away your head  
What do I deserve, what do I deserve instead?  
It`s a surprise you havent caught on yet  
It`s nothing personal you`re an embarassment  
Don`t cut me outWe're offering nothing but the best accomidations  
Just tell us who you are  
Just tell us who you are.We're offering nothing but the best accomidations  
Just tell us who you are  
Just tell us who you are.Turn away your head  
What do I deserve, what do I deserve instead?  
It`s a surprise you havent caught on yet  
It`s nothing personal you`re an embarassment  
Don`t cut me outIt`s a surprise you havent caught on yet  
It`s nothing personal you`re an embarassment  
Don`t cut me out
