ItÂ´s So True

Spain

They say life is never fair
That love's so far away
But I know babe, it's so true
It's so true
I know that you feel so alone
And you cry yourself to sleep
But I know babe, it's so true
It's so true, true, true
They say fate plays cruel jokes
And keeps love from you
But I know babe, it's so true
It's so true
I know that you feel so alone
And you cry yourself to sleep
But I know babe, it's so true
It's so true, true, true
