If You C Jordan

Something Corporate

Verse 1I have a story a bitter anthem
for everyone to hear about this kid who just dont like me
and thats a solid fact they say hes hunting me and as you see im all swelled up with fear 'cause i cant get him off my back[:Chorus:]
If u c jordan
IF u c jordan
He makes me sick, makes me sick
High schools over, high schools over
and you still wont quit...Verse 2You tried to fight me down
at tylers beach and man i think thats great.
You nearly cried and said
to yell at you like you do at all the girls.
Then you drove home real quick did you make it in time to masterbate?
Theres one too many of you this worldChorus:]
If you see jordan
if you see jordan
he makes me sick
makes me sick
high schools over
high schools over
and you still wont quickFuck you jordan
fuck you jordan
you make me sick
you make me sick
high schools over
high schools over
i dont care if you dye your hair you'll always be
a little red head bitch
