Can I

Cable35

Can ICan I interfere with your system ?
Can I interfere with your morning ?
Can I crack and hack your code, infiltrate your sole ?Can I take control of your boredom ?
Can I look inside your head ?
Take a swim in your earwax ?
Let me be your parasiteGonna Break you down
Gonna Break you down
Gonna Break you down
Gonna Break you downYou're my dog
You're my dogCan I redecorate your lifestyle ?
can I realign your alienation ?
Can I crack and hack your code, infiltrate your sole ?Can I swim in your libido ?
Can I redirect your direction ?
Can i reshuffle your behavior ?Let me your parasiteGonna Break you down
Gonna break you down
Gonna break you down
Gonna break you downYou're my dog
You're my dog
You're my dogMy obsession
My obsession
My obsession, you're my dog
My obsession, you;re my dog
My obsession, you;re my dog
My obsession, you;re my dogGonna break you down
Gonna break you down
Gonna break you down
Gonna break you downGonna break you down, you're my dog
Gonna break you down, you're my dog
Gonna break you down, you're my dog
Gonna break you down, you're my dog
