

# Nothing But Love (live)

## Mr. Big

Guess what baby  
The things we say came true today  
'Cause we listened to our hearts No one but you will ever do  
Our search is through  
But our journey's just beginning Nothing but love can last forever  
Nothing but love will start  
To mend the place inside your heart  
That needed healing Nothing but love can last forever  
Nothing but love will start  
To make your head spin round and round  
You know you're feeling love Nothing but love  
Nothing but love Can't read your mind  
Lord knows I'm tryin'  
But in your eyes I see everything you need to know Nothing to do but follow you  
My aim is true  
I could never ask for any more And if you walk away  
You know that I will follow  
To steal back your broken heart  
At least until tomorrow  
Because whatever comes today  
Beside you I can't hide that you're the one Nothing but love can last forever  
Nothing but love will start  
To mend the place inside your heart  
That needed healing Nothing but love can last forever  
Nothing but love will start  
To make your head spin round and round  
You know you're feeling Nothing but love could hold our world together  
Nothing but love can start  
To let us hear the sounds above that have been screaming love Nothing but love
