

5 Rocks

Busby Marou

Wait for me by the river
So I can take you by the hand
Hand yeah
And we can walk and we can talk
For hours and hours
About nothing in particular, at all Wait wait Wait..... For me And We can lay
beside the ocean
Fire on right and the hammock on our left
And the waves at our feet
And the stars will be the only lights
That we see
But for the red and the blue and the yellow that the burning fire bleeds
Listen..... Listen Listen.....
I can hear it now..... OOOHHHHOO-ooohh.....OO-ooohh..... OO-ooohh..... Wait and I will follow
You anywhere, or any place
Anytime.....
And we can walk and we can talk
For hours and hours
About nothing in particular, at all...
I can feel it from the waves from that ocean
Turning me and turning you over girl
You know I wanna be yours too.....
OO-ooohh..... OO-ooohh..... OO-ooohh.....
OO-ooohh..... OO-ooohh..... OO-ooohh.....
