

I'm Looking at You But Talking to Myself

Utopia

I'm looking at you but I'm talking to myself (to myself)
Looking straight at you but I'm talking to myself (to myself)
Talking to myself
Cause I still can remember
Words that didn't sound so well planned
What is wrong with me?
You don't have to pretend to understand

Every moment, I am thinking to myself (to myself)
It seems so different, I am thinking to myself (to myself)
Thinking to myself
And I don't want to face it
Why is everything so past tense?
What is wrong with me?
This just don't seem to make any sense

And I'm looking at you (but I'm talking to myself) Iâ€™m talking to myself
Looking straight at you (but I'm talking to myself) Iâ€™m talking to myself

It wasn't over, I was hoping to myself (to myself)
We've got forever, I was hoping to myself (to myself)
Hoping to myself
And for a shred of a second
I thought we could still change our fate
What is wrong with me?
I can see it's already way too late

Cause you're looking at me (but you're talking to yourself) you're talking to yourself
Looking straight at me (but you're talking to yourself)

And I'm looking at you (but I'm talking to myself) Iâ€™m talking to myself, yeah
Looking straight at you (but I'm talking to myself) Iâ€™m talking to myself
