

Love Will Keep Us Alive

The Scorpions

When I look at you
I can see the sadness in your eyes
In these desperate times
We get pushed and shoved from every side I can't love you if you won't let me
Can't touch me if you don't try
I can feel you, I know that you're ready
To take it to the other side Love will keep us alive
Let's make the moment right
It's now or never Love will keep us alive
Even the darkest night
Will shine forever Love will keep us alive
Love will keep us alive
Love, love will keep us alive When you walk away
There's an empty feeling in my mind
As the days go by
We get caught up in our separate lives If you need me, you know I'll come running
Right to you, just give me a sign
I won't leave you, we'll make it together
And take it to the end of time Love will keep us alive
Let's make the moment right
It's now or never Love will keep us alive
Even the darkest night
Will shine forever Love will keep us alive
Love will keep us alive
Love, love will keep us alive Oh, I've got a lot of loving to show you
You know I'd never want to control you
I only wanna be by your side I can't love you if you won't let me
Can't touch me if you don't try
I can feel you, I know that you're ready
To take it to the other side Love will keep us alive
Let's make the moment right
It's now or never Love will keep us alive
Even the darkest night
Will shine forever Love will keep us alive
Love will keep us alive
Love, love will keep us alive Love will keep us alive
Love will keep us alive
Alive, love will keep us alive
