

Cheap Wine

Darkbuster

I dont know where I'm going and I know not where I've been
But my best friend is a bottle, A bottles my best friend
It may take most of my money, It may disapear
But I'll always have a few bucks for a 6 pack of cold beerAnd Some Cheap Wine and Cigarettes
Helps Me To Forget The Way We Went Apart
And My Broken Heart
Cheap Wine and Cigarettes
Helps Me To Forget The Way We Went Apart
And My Broken HeartI remember one fall night, Make that summer time
She held me oh so close, She'd never let me go
But I went and screwed up, I couldnt take her love
Instead of having fun, Now I'm the lonely oneI Need Some Cheap Wine and Cigarettes
Helps Me To Forget The Way We Went Apart
And My Broken Heart
Cheap Wine and Cigarettes
Helps Me To Forget The Way We Went Apart
And My Broken Heart
