Black Sheep Boy

Tim Hardin

Here I am back home again
I'm here to rest
All they ask is where I've been
Knowing I've been westI'm the family's unowned boy
Golden curls of envied hair
Pretty girls with faces fair
See the shine in the black sheep boyIf you love me let me live in peace
Please understand
That the black sheep can wear the golden fleece
And hold the winning handI'm the family's unowned boy
Golden curls of envied hair
Pretty girls with faces fair
See the shine in the black sheep boyI'm the family's unowned boy
Golden curls of envied hair
Pretty girls with faces fair
See the shine in the black sheep boy
