

world looking in (paul hardy & mckai remake)

Morcheeba

Angels
Smilin' on my happiness
Danger
'Cause the scene is still a mess
(We can all be blessed)Don't stop just yet
We' ve got the world looking in
Our windowDon't stop just yet
We' ve got the world looking in
Our windowSpacecraft
Spinning slowly out of sight
Peace man
Keep on chasing the wrong guy
(We'll see eye to eye)Don't stop just yet
We' ve got the world looking in
Our windowDon't stop just yet
We' ve got the world looking in
Our windowWe' ve got the world looking in
Our window
We' ve got the world looking in
Our windowDon't stop just yet
We' ve got the world looking in
Our windowDon't stop just yet
We' ve got the world looking in
Our window
