

The Calling (feat. Laura Brehm)

TheFatRat

Still and silent
Calm before the storm
Gold and diamond
Jewels behind the throne

Into the night
Out of the dark
Take to the sky
Chasing the stars

All that we said
All that we are
Waiting to fly
This is the start

Chorus: (2x)
Hide and seek
Reason and rhyme
Grand and glorious
Living the dream
Yours and mine
Euphoria

Stone and feather
Move outside your head
Now or never
Strong in every step

Give me a sign
Hitting the mark
Take to the sky
Chasing the stars

Open your eyes
Watching afar
Waiting to fly
This is the start
