

# Karma (feat. YG Hootie, Popa Smurf & Slim Dunkin')

## Waka Flocka Flame

I told my lawyer to get my back for all the crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around  
Many men wanna see me down I told my lawyer to get my back for all the crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around  
Many men wanna see me down I rob so many niggas  
Karma came right back around  
I jumped so many niggas  
Karma came right back around.  
I could see my self layin' on the ground  
Blood leakin' everywhere  
yea I was scared but I ain't have no fear  
better wear ya head mask 'cause this year I'm goin' hard  
put that shit on his card I'm pullin all y'all pussy cards  
shoutout to that fuck nigga, I tried to rob me at the Wal-Mart  
Ran up on his car enemy hit shells like Mario Go kart  
I told my lawyer to get my back for all the crazy shit I did  
Broke back then now I'm nigga rich ass they be kissin it  
my money I'm not lending it 'cause y'all ain't never give me shit I told my lawyer to get my back for all the  
crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around  
Many men wanna see me down I told my lawyer to get my back for all the crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around  
Many men wanna see me down all I know is killers

take off to my head right now  
I wanna kill a nigga  
For tryin to run for fucking bound

that's just how the Westside did them

YG Hootie loves the boss  
You wanna play wit me I'll wipe you out  
Real Killa shit what my life about  
Shout out to the niggas that I've done got  
Me and my team, got this locked  
we thuggin' and shinin'  
Buy me a Westside Bompton I told my lawyer to get my back for all the crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around  
Many men wanna see me down I told my lawyer to get my back for all the crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around  
Many men wanna see me down My paint still wetter than the bullet, won't change  
Glowin' like a full moon, stretch range full of goons  
28's same color as the rocks on the piece  
Louis seats, Louis sneaks, so yeah I can do that  
P. Smurf, red diamonds in the cross  
My speakers sound like a Mak-90 gettin' off  
It's a jungle out here but I'm a warrior  
My baby mama say I love the streets more than her  
You niggas like the tin man, you ain't got no heart  
I get down with ten men, nigga I got heart  
Pull up to the gas station on a hundred'n eleven  
Bell'n tell a nigga let me get a hundred on eleven  
Nigga I ain't stop rappin', I just stopped rappin' to beats  
Start rappin' in prostitutes' ear, now look at me I told my lawyer to get my back for all the crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around

Many men wanna see me down I told my lawyer to get my back for all the crazy shit I did  
Yeah karma comin' back around  
You know I'm not backin' down  
AK love that "ka-ka" sound  
So much it might back out now  
One on one can't last one around  
Many men wanna see me down
