# St. Thomas (don't You Know How I Feel)

## Peter Frampton

When I call your name, girl
Please don't feel no pain
When I call your name, girl
Please don't feel no painI'm gonna win ya
Don't you see by now?
Baby, I know, gotta go
Ooh, don't you know?Don't you feel so hurt, girl?
Nowhere to hide
When you're feeling hurt, girl
There's no place to hide, yeahWhen you feel like I do today
Ooh, this way
When you feel today
Oh baby, I know what you feel
Right now, ohWhen you saw the sun, girl
Didn't you think it would work?
When you saw the moon, girl
Night time couldn't failAh, when you wanna be, wanna be?
You wanna be on your own
Don't you know how I feel, feel girl?
Don't you know how I feel?
Don't you know how I feel?Higher, higher I wanna be
Don't you know how I feel?
Don't you know how I feel?
If it's real and it's real
Know how I feel, tried so hard
