Boiling Blood

God Dethroned

Bastard, bastard, a purple haze is all is see. Boiling blood. Foam at your mouth, your eyes turn away. Boiling blood. I'm a voodoo child and I just finished this little puppet. The spitting image of you. I'm gonna torture this little creature. Pathetic lookalike of a loser that's you. Stick needles and pins in it's spine now you're lame. Saw off your legs and suck out your brains. Bastard, bastard, a purple haze is all is see. Boiling blood. Foam at your mouth, your eyes turn away. Boiling blood. In my veins, boiling blood. Through my brains, boiling blood. Stabbing victims, boiling blood. Draining bodies, boiling blood. Boiling blood.[lead - Jens]
[lead - Henri]Bastard, bastard, a purple haze is all is see. Boiling blood. Foam at your mouth, your eyes turn away. Boiling blood.
