

No Option

Post Malone

[Bridge 1]

Hoe I'm so clean and motherfuckers just talkin'

Show up at the spot and now everyone they all watchin'

Don't wanna prove you wrong but you leave me with no option, yeah yeah[Verse 1]

Everybody asking Post when is the album droppin'?

Ever since the very first day that I been poppin'

Don't wanna prove you wrong but you leave me with no option, yeah yeah

Ohh, swingin' in a four door, now they takin' four doors

Bottles we need more of those, ohh

Say she bring it a little shorter, he be on the boarder

She always bring four rolls, oh yeah

Everything that I went for, waited so long to get old

The caddie just sits on the chrome, I swang [?][Hook]

Baby wanna get in this S-Class, lil mama she just wanna go fast

You know baby you don't get a free pass, so I told her ass gas on grass

Rolex with the diamonds keep me shining

Gotta have perfect timing when I'm riding

Brand new Maserati with no mileage, oh oh oh yeah[Bridge 1]

Hoe I'm so clean and motherfuckers just talkin'

Show up at the spot and now everyone they all watchin'

Don't wanna prove you wrong but shit you leave me with no option, yeah yeah[Verse 2]

Less you hoppin' in a old school, swimmin' in the car pool, everything is all cool

And she told me not to tell with all the rumors that I heard, she said that everything was all true[Hook]

Baby wanna get in this S-Class, lil mama she just wanna go fast

You know baby you don't get a free pass, so I told her ass gas on grass

Rolex with the diamonds keep me shining

Gotta have perfect timing when I'm riding

Brand new Maserati with no mileage, oh oh oh yeah[Bridge 2]

Just me and lil mama yeah, ridin' round the LA

Just me and lil mama yeah, we run the city yeah[Hook]

Baby wanna get in this S-Class, lil mama she just wanna go fast

You know baby you don't get a free pass, so I told her ass gas on grass

Rolex with the diamonds keep me shining

Gotta have perfect timing when I'm riding

Brand new Maserati with no mileage, oh oh oh yeah[Outro]

So come hop in the coupe, what do you wanna do?

Put that dime in my coupe, with the gold on my tooth, oh yeah
