

Play

iamamiwhoami

Moving close now

Your hands just knock me off my feet

Yeah, like a puppet now

I cannot move to my own beatBut I can dance tonight

I'll make up songs for us to sing

You hold my heart with cotton string

And to your rhythm I will shout

My love for playTake off your hat

And pull a rabbit out for me

I'm like a lark, now

I lay on my back and on my kneesSo I will dance nowOr I can dance tonight

I'll make up songs for us to sing

You hold my heart with cotton string

And to your rhythm I will shout

My love for playDance, now
