

Easy Money

UFO

Let's go, while we're young Moving easy money
How far to the street
Close-in complications better keep your nose clean
Better move my feet Moves me like a winner
I'm turning up the heat
I've gotta get me something I want
To feel some friction, want to feel some heat
Keep your pretensions, feel this beat Easy money, I'm a rolling dice now
Give me something but your good advice
Easy money, I'm a rolling dice now, easy money Sticky situations
And a woman's revelations
I've gotta feel something
Wanna feel some friction, wanna feel this heat
Keep your pretensions, feel this beat Easy money, I'm a rolling dice now
I don't need nothing, your good advice
Easy money, I'm a rolling dice now, easy money Look into my soul and the night life of Amsterdam
Laid down in Stockholm, I'll always be your fan
Wind blows off the twilight, sunset in L.A.
The powers of the world, easy money's okay Easy money, I'm a rolling dice now
Give me something but your advice
Easy money, I'm a rolling dice now
Give me something but your good advice Easy money and a rolling dice now
Give me something I won't think twice
Easy money, I'm a rolling dice now
Easy money, easy money, hold on tight now
Easy money, I'm a rolling dice
Give me money, easy money
